

Damac Lagoons Master Plan - Community Overview

Damac Lagoons Master Plan PDF

Overview:

Damac Lagoons is a masterfully planned waterfront community in Dubai developed by DAMAC Properties. It offers themed clusters, scenic lagoons, and resort-style living with easy connectivity to major roads.

Key Features:

- Themed clusters: Morocco, Malta, Venice, Santorini, Costa Brava, Nice, Portofino, Marbella
- Lagoon-inspired layouts and artificial beach zones
- Villas and townhouses with Mediterranean architecture
- Dedicated areas for wellness, retail, dining, and recreation

Master Plan Highlights:

- Waterfront residential clusters surrounding a man-made lagoon
- Clubhouse, sports courts, floating cinema, and fitness zones
- Exclusive access to beaches, kayaking, and water sports
- Parks, schools, and community centers within the layout

Download this PDF to view the overall structure of the project, including the distribution of clusters, roads, public spaces, and water features.

Note: This document is an overview only. For detailed architectural drawings and updated plans, refer to DAMAC's official brochure or consult an authorized agent.
